National Negro Business League to Hold Seventeenth Annual Session August 16, 1916.

After a most careful consideration of the several invitations received from different sections of the country for the next meeting of the National Negro Business League, we are authorized by the members of the executive committee to announce that the league has decided to accept the invitation extended by the local Negro Business League of Greater Kansas City. The meeting will be held August 16, 17 and 18, 1916.

It appears that the Business League has selected a most opportune time to hold their meeting in Kansas City, for as Mr. Fortune J. Weaver, president of the Kansas City League says: "These dates fit in just right, as the Masons will hold their Grand Lodge in Kansas City during the second week of August and the National Medical Association comes during the fourth week."

These two meetings in addition to the Business League session, will offer the best possible inducements to the railroads to make special reduced fares and will afford delegates to the Grand Lodge and the Medical Association an opportunity to attend some of the sessions of the Business League.

The executive committee has also decided that it will be most appropriate and fitting that the first night's (August 16) session be devoted to memorial exercises in honor of Dr. Booker T. Washington, founder and first president of the National Negro Business League.

Further announcement regarding the forthcoming meeting of the National Negro Business League will be made from time to time through the press. For further information write to J. C. Napier, chairman executive committee, Nashville, Tenn.; Emmett J. Scott, secretary, Tuskegee Institute, Alabama; Charles Banks, first vice president, Mound Bayou, Miss.

**Sex the Key to the Bible**

The World's Three Greatest Books  
By Sidney C. Tapp, Ph.D.

"The Truth About the Bible," about five hundred pages, \$2.00. "Why Jesus Was a Man and Not a Woman," three hundred pages, \$2.00. "Sexology of the Bible," over one hundred and seventy-five pages, \$2.00. All cloth-bound. These books treat of the sex of the Bible, and show that the Bible is a book of sex and a book of spirit, and that sex is the dividing line between the physical and spiritual worlds. They show that disease, sickness and insanity are within the sex, and that sex-just was the original sin and cause of death. They are arresting the attention of the medical, scientific, philosophical and theological worlds and people of all classes as no other books of modern times, and will probably do more to shape the thoughts of the human race than any books ever written in the history of the world. They are daily going to the great thinkers of all parts of the civilized world.

"I would rather be the author of the Truth About the Bible," by Sidney C. Tapp, than to be the President of the United States. His sex interpretation of the Bible, as therein contained, is so daring and his conclusions are so unanswerable that the human intellect shudders under the ideas presented. For ideas, it is the world's greatest book. Mr. Tapp's books on the Bible and his sex interpretation of the Bible will live until time shall be no more. Republics may perish and empires may decay, but the ideas presented by the author in these books on the Bible will never die."

—Prof. J. S. Harris, A. M.

"Mr. Tapp's works on the Bible will do more to empty our jails, insane institutions and hospitals than any other idea that has ever been given to the world, in our opinion, to say nothing of the great good, morally and spiritually, that they will do the human race. He has indeed produced a world idea that should be in every home and library in the civilized world."
